Work Experience

Associate at PwC Norway

August, 2022 - Present
Oslo, Norway

- Provide Accounting Advisory Services for the conversion from NGAAP to IFRS and consolidation accounting.
- Assist in the implementation and optimization of contract/IFRS 16 technology within the company's financial and management processes, with a focus on enhancing financial reporting and contract management. This aims to strengthen internal controls, streamline operations, and minimize manual handling.
- Support the establishment of the company's internal IFRS 16 class.
- Conduct auditing activities.

Skills: Accounting, Contract system, IFRS Conversion, Financial Consolidation, Excel, Auditing, Maestro

Financial Accounting Manager at Ice Communication Norge

January, 2023 - May, 2023
Oslo, Norway

Works as a consultant via CFO Solutions department

- Managed the conversion process from NGAAP to IFRS.
- Updated IFRS 16 and IAS 38 calculation models.
- Prepared IFRS financial statements data and relevant notes (IFRS 16 and IAS 38).
- Generated monthly IFRS accounting documents.

Skills: IFRS 16 system, IFRS Conversion, Maestro, Microsoft Dynamics, Excel

Accounting and IT consultant at Share Control AS

April, 2019 - August 2022

Oslo, Norway

- Provided clients with professional support in IFRS (particularly IFRS 16), bookkeeping, accounting, and consolidation. Advised the customer on enhancing internal control for contracts and relevant accounting processes through the use of the relevant IT solution.
- Supported customers in Microsoft 365 and Excel VBA solutions, handling implementation and configuration of systems, accounting system integration (HFM, SAP, Cognos), system training, and participating in customer and partner visits. Maintained and further improved existing technological solutions, including testing and documentation.
- Undertook the role of project manager in various internal and external projects, collaborating closely with various colleagues in IT, accounting and sales areas to deliver user-friendly solutions and continuously enhance software and customer services.
- Engaged in technical sales, selling the professional version of IT solutions and system integration, along with relevant services. Provided ongoing support and assistance to customers post-sale, ensuring customer satisfaction, and addressing any arising issues.
- Worked closely with clients from Norway, Sweden, Iceland, and Ireland across diverse industries, ranging from large international public companies to startups.

Skills: Contract management system, IFRS 16, Microsoft 365, Microsoft Power Automate, Excel, SharePoint, Microsoft Power BI, Json
